OFFICE OF LEGISLATIVE COUNSEL

Tuesday - 30 March 1976

1. [] ADMINISTRATIVE DELIVERIES I had a courier deliver to Angus MacDonald, Staff Director, of the House Select Committee on Persons Missing in Action in Southeast Asia, our response to the second part of Representative Paul N. McCloskey's (R., Calif.), question number two concerning the possible use of cave-seeking bombs in the Sam Neua area. This should complete the response to all of Congressman McCloskey's questions. A copy of the foregoing letter was sent to Congressman McCloskey.

X1 2. [] LIAISON Marian Czarnecki, Chief of Staff, House International Relations Committee, called to advise that Representative Jonathan Bingham (D., N. Y.) had seen an article on the Arab boycott in the Congressional Check List and observed that it was much more detailed than the Agency's briefing of his Subcommittee on International Trade & Commerce, House International Relations Committee, last November. The Congressman requested that the Check List article be furnished to his Subcommittee staff. In the interest of not proliferating the Check List, Chairman Thomas Morgan (D., Pa.) would prefer that the Agency handle this matter directly in any manner which is acceptable to the staff personnel involved. [] has the action.

X1 3. [] BRIEFING Roger Majak, Consultant, Subcommittee on International Trade & Commerce, House International Relations Committee, called to alert us to a letter to the Director requesting an appearance before the Subcommittee some time during the week of 5 April to explore the mechanics and licensing renewal process of the export control program. The Subcommittee is requesting testimony from a number of the players and would like to cover our role in the program. Majak said they were going to approach the subject on a case study basis and would concentrate on two cases: the ball bearing sale to the USSR, which relates to MIRVS, and the sale of Rolls Royce aircraft engines to the Chinese. Majak said he had already spoken to a DIA representative and will be looking forward to hearing from us after we receive the letter.

11. [] ADMINISTRATIVE Called Phil Buchen, Counsel to the President, and informed him of our session with Chairman George Mahon's House Appropriations Defense Subcommittee on expenditures in Angola. I told him that the Chairman has sent his Investigations staff to prepare a report on this issue and the staff is requesting documents prepared for the NSC and the 40 Committee. I told Mr. Buchen we had been in touch with Bill Hyland, NSC staff, and he is reluctant to release these documents to the Investigations staff, although he has authorized release of one paragraph. Mr. Buchen said he was about to go to an ICG meeting and planned to bring up this subject and will get back to me after the meeting.

I told Mr. Buchen that I had prepared a short paper justifying our actions and stating the situation and he asked for a copy.

12. [] ADMINISTRATIVE [] DIA, called about a letter they had received from Chairman Jonathan Bingham, House International Relations Committee, International Trade & Commerce Subcommittee, asking for a hearing in the near future on the role of the Intelligence Community and the processing of export licensing of advanced technology. He said that they wanted DIA, CIA, and ISA /DOD to testify at the same time, sometime during the week of 5 April, probably either Tuesday, Wednesday or Thursday of that week. We discussed Chairman Bingham's request and I told him that I would have someone call him back. [] handling this.

13. [] BRIEFING Accompanied [] NIO [] OCI, and Martha Mautner, State Department, to a briefing of Senator Joseph Biden, Jr. (D., Del.) on the USSR.

14. [] LIAISON George Murphy, Executive Director, Joint Committee on Atomic Energy, called wanting to know the status of a request for Senator Howard Baker (R., Tenn.). I said that Mr. Carl Duckett, DDS&T, was checking with the third party concerned and that Murphy would probably have the material today or tomorrow. Murphy asked that the material be sent to him on an EYES ONLY basis.

X1 20. (Unclassified - THW) LIAISON I took a call from Walker Nolan, on the staff of Senator John Glenn (D., Ohio), who said he had received a call from [] who said he saw a file with the initials "CIA" on it plus his name and Social Security number in an office in Nova Scotia in connection with a claim of his for indemnification in an eminent domain proceeding. [] wanted to know what the CIA was doing investigating him. I told Nolan that we do not do such investigations for Nova Scotia and that it is doubtful that the dossier was a CIA dossier. I told Nolan we could run a full check if we had the full name and date of birth of the constituent. Nolan thought there would be no need, but he would get further facts and if warranted would call back. 25X

21. (Unclassified - THW) HEARINGS I spoke with [] DIA, regarding the letter from Representative Jonathan B. Bingham (D., N. Y.) asking for an Agency witness at hearings to be held during the week of April 5 on the intelligence role in export licensing. [] 25X had talked to Victor Johnson, on the staff of the Subcommittee on International Trade and Commerce, House International Relations Committee, and gotten the impression that the hearing would be joint with representatives from DOD/ISA and DIA appearing. DIA will testify only on the impact on national security of the specific cases involved and ISA will address the procedural aspects of the letter. Don Floyd, Office of Legislative Affairs, DOD, OX5-1434, will be coordinating for DOD.

22. (Unclassified - THW) LIASION I took a call from Bill Florence, on the staff of the Subcommittee on Government Information and Individual Rights, House Government Operations Committee, who wanted to alert us to the fact that we were getting a follow-up letter to our letter on Agency classification procedures. I thanked him for the alert.

23. (Unclassified - THW) LIASION I called Allison Brenner, on the staff of the Special Subcommittee on Investigations, House International Relations Committee, and asked her to make available to us four copies of Ambassador Graham Martin's testimony. [] 25X will pick them up.

X1 24. (Unclassified - THW) BRIEFING In follow-up to a call from Marian Czarnecki, Chief of Staff, House International Relations Committee, to [] concerning a request by Chairman Jonathan B. Bingham (D., N.Y.), Subcommittee on International Trade and Commerce, House International Relations Committee, to provide a staff member with an item from the 25 March Checklist on the Arab boycott, I called Roger Majak, on the Subcommittee staff, and told him that we would be happy to brief both he and Chairman Bingham on the new data. Chairman Bingham had told Czarnecki that the Checklist item was much more detailed than our briefing of Mr. Bingham in November 1975. I told Majak the reason for the considerably more detail was due to hard work on the subject after the November briefing. He said he would speak with Mr. Bingham and call back with a date for the briefing.

26. (Internal Use Only - RJK) LIAISON Spoke with Glenn Van Braemer, on the staff of Representative Frederick W. Richmond (D., N.Y.) and told him that I had secured an unclassified copy of an Agency paper entitled "A Study of Climatological Research as it Pertains to Intelligence Problems" and would send it to him first thing in the morning. Van Braemer asked about a United Nations conference on dessertification in Nairobi that is to take place in 1977. I told him that this was something that was just outside of our area of concern. I told him that I was aware of his Congressman's interest in the overall food supply problem and that if there were any unclassified Agency papers on this subject I would keep him in mind.

27. (Unclassified - RJK) ADMINISTRATIVE - DELIVERIES Delivered to Roy Frederick, on the staff of the Senate Agriculture and Forestry Committee, a copy of the Soviet agriculture atlas and two other Agency publications dealing with Soviet agriculture. Frederick had requested these items for Senator Carl T. Curtis (R., Neb.).

8. [] LIAISON I spoke with Dick White, Administrative Assistant to Representative Dale Milford (D., Texas), regarding the status of Representative Milford's resolution to release the House Select Committee on Intelligence report. Representative Milford's position is that he has made everybody aware of the purpose behind the resolution, which was to tell the dissenter's view of the story, and did not feel he should push the resolution further but will let others if they feel so inclined. He mentioned that the Speaker of the House has worked out some manner of inventory of the sealed boxes of documents.

9. [] LIAISON I called Jack Brady, House International Relations Committee staff, regarding the conference report on S. 2662. He told me that not only was Senator Mike Mansfield's (D., Mont.) amendment liberalized but our language regarding the provision of intelligence equipment and training would be included in the conference report.

10. [] LIAISON I took a call from Hal Rosenthal, on the staff of Senator Jacob K. Javits (R., N. Y.), who inquired for the Senator on two matters that the Senator had heard: that the USSR's oil supply was about to run out; and, that the USSR had gotten involved in Africa in order to corner the world wheat market and hold this over the U. S. I told him I thought both answers would be in the negative but I would check and call him back.

11. [] HEARINGS I spoke with Victor Johnson, on the staff of the Subcommittee on International Trade and Commerce, House International Relations Committee, who said the hearing by the Subcommittee was tentatively set for Wednesday, 7 April, at 2:00 p.m. and wanted to know the names of our witnesses. He also said that the Chairman might allow us to appear separately, although this is not his normal procedure, if we could give him an adequate rationale for so doing. I told him we were still working on the matter and would call him back on both subjects.

13. (Unclassified - RJK) LIAISON Received a call from Tim Miller, on the staff of Representative Bill Gradison (R., Ohio), who requested a copy of the Agency publication entitled "A Dollar Comparison of Soviet and U.S. Defense Activities 1965-1975." 15. (Unclassified - RLB) LEGISLATION I discussed with Mr. Chuck Kisselguard, State Department, Senator William W. Proxmire's (D., Wis.) floor amendment to the Foreign Relations Authorization Act of 1977 placing restrictions on exchanges of gifts between U.S. officials and foreign persons. Mr. Kisselguard stated that it was his understanding that Representative Wayne L. Hays (D., Ohio), Chairman, Subcommittee on International Operations, House Committee on International Relations, was opposed to that provision of the bill and would seek to have it kept out of the House version of the Authorizations Act. Mr. Kisselguard further agreed that we should nonetheless approach other members of the Committee and the Committee staff to make our concerns known and work to ensure that the provision does not appear in the House version of the Act.

Parrish said they expected the transcript of today's session tomorrow and would send it to us with a short deadline for corrections. She also stated the transcript of all the testimony was available from the Hoover Reporting Company. I subsequently ordered the full transcript from that Company.

18. (Unclassified - DFM) HEARINGS Called Andrew Gleason, aide to Senator Hugh Scott (R., Pa.) on the Senate Rules Committee staff. (Unclassified - LLM) LEGISLATION In the absence of Kempton Jenkins, Congressional Relations, State Department, spoke with Larry Pezzulo concerning the gift restrictions imposed by Senator William Proxmire (D., Wis.) as a rider to the State Authorization bill which recently passed the Senate. Pezzulo indicated that State had no problem with the provision but quickly grasped our problems when they were pointed out and Pezzulo agreed to identify a State representative to work [] of our office, in the interest of obtaining an appropriate modification of the provision.

23. (Unclassified - LLM) BRIEFING Spoke with Dr. Harland Strauss, House Republican Conference staff, and arranged to meet with him tomorrow to review arrangements for the Director's appearance before the Conference on 6 April.

24. Czarnecki said the Chairman had approved, sometime ago, their holding printed hearings to explore some of the general issues that will be involved in full Committee hearings later on export technology to certain countries. He added he is now finding out that they are calling outside witnesses from different firms and now this request to us and the other intelligence community elements. He said he would talk with the Chairman about this in the morning and be back in touch with me. I said I was going to check with House Armed Services Committee regarding the possibility of a jurisdictional issue and he agreed that I should.

26. (Unclassified - GLC) LIAISON In the absence of Frank Slatinshek and Bill Hogan, House Armed Services Committee staff, I called Chairman Lucien Nedzi about the letter from Chairman Jonathan Bingham, Subcommittee on International Trade and Commerce, House International Relations Committee, requesting a briefing on export technology. Mr. Nedzi said he had no problems with this from a jurisdictional standpoint.

Referring to the financial holdings legislation, Mr. Nedzi said there is nothing in the House bill that creates that kind of requirement and no amendment along those lines is authorized because of the rule they are under. He said if anything does come up, it would be in conference and he thinks a compromise along the lines we have suggested could take care of it.

27. (Unclassified - GLC) ADMINISTRATIVE Called Tom Lattimer, Department of Defense, and told him I had heard that Mr. Robert Ellsworth, Deputy Secretary of Defense, has sent a letter to the Senate Rules Committee on problems Defense has with the authorization issue in S. Res. 400. Lattimer said the letter has not been sent yet. I asked him what the main thrust of the letter was and he said in essence it points to the portion of the resolution which would require Defense to maintain two separate and different budget processes for the Armed Services Committee and the new oversight committee. I asked that he send me a copy of the letter as it finally goes to the Rules Committee.

28. (Unclassified - KSN) LIAISON Chuck Haynes, House Appropriations Committee Investigation staff, called and asked for the testimony that Jack Iams, Comptroller, had given before the House Appropriations Committee on Reserves for Contingency. I told him I would check and get back to him.
